

CITY OF HUNTINGTON BEACH GENERAL PLAN

ADOPTED

OCTOBER 2017

City Council

- Barbara Delgleize, Mayor
- Mike Posey, Mayor Pro Tempore
- Patrick Brenden, Council Member
- Jill Hardy, Council Member
- Billy O’Connell, Council Member
- Erik Peterson, Council Member
- Lyn Semeta, Council Member

Planning Commission

- Connie Mandic, Chair
- Bill Crowe, Vice-Chair
- Dan Kalmick, Commissioner
- John Scandura, Commissioner
- Michael Grant, Commissioner
- Pat Garcia, Commissioner
- Alan Ray, Commissioner

General Plan Advisory Committee

- Dianne Thompson
- John Ventimiglia
- Roy Miller
- Jeff Coffman
- Robert Schaaf
- Dan Kalmick
- Ed Pinchiff
- Kim Carr
- John Scandura
- Clem Dominguez
- Leslie Mayes
- Jessica Budica
- Robert Sternberg
- Ed Kerins
- Bob Wentzel
- Tim Mulrenan
- Sue Taylor
- Alan Walls
- Darrel P. Arnold

Task Forces

Biological Resources

Vic Leipzig
Christine Whitcraft
Kim Kolpin
Hemal Patel
Gordon Smith
Greg Hickman

Circulation

Dan Kalmick
Janis Mantini
Mark Sheldon
Ed Mountford
David Cicerone
Michelle Schuetz

Market Trends

John Ventimiglia
Tony Smale
Brett Barnes
Steve Dodge
Tom Grable
Shawn Millbern

Sea Level Rise

Robert Schaff
Hemal Patel
Gordon Smith
Jack Kirkorn
Wes Warvi
Mike Van Voorhis
Robert Thompson
Mark Bixby
Ed Pinchiff
Jennifer Thomas

Pat Brenden
Jack Kirkorn
Dave Pryor
Tim McCormack

Sustainability

Teresa Howe
Tom Bock
Lyle Ausk
Keeli Scott Lisack
Sue Gordon
Kim Nicholson
Barbara Delgleize
Kathy Millea
Dan Kalmick
Mike Posey
Pat Brenden
John McGovern
Philip Eddins

City Staff

Fred Wilson, City Manager
Scott Hess, AICP, Community Development
Director
Jennifer Villasenor, Planning Manager

Consultants to the City

Michael Baker International

In association with:

Atkins Global
Moffatt & Nichol
Stantec
Stanley R. Hoffman Associates
Matrix Consulting Group

Table of Contents

- I. Introduction1-1**
 - Plan Overview 1-2
 - Why a General Plan?..... 1-2
 - Geography..... 1-2
 - Demographics 1-3
 - Regulations..... 1-3
 - California Government Code 1-3
 - Regional Transportation Plan/Sustainable Communities Strategy 1-4
 - California Environmental Quality Act..... 1-4
 - Huntington Beach Zoning and Subdivision Ordinance 1-4
 - California Coastal Act 1-4
 - Planning Area 1-5
 - Community Engagement..... 1-7
 - Community Vision and Guiding Principles..... 1-9
 - Community Vision..... 1-9
 - Guiding Principles 1-9
 - General Plan Elements 1-18
 - Plan Organization and Use 1-20
- II. Land Use2-1**
 - Introduction and Purpose 2-1
 - Scope and Content 2-2
 - Relationship to Other Elements..... 2-3
 - Land Use Plan..... 2-4
 - Characterizing Land Uses 2-4
 - Distribution of Existing Uses..... 2-5
 - Character of Change 2-5
 - Land Use Map..... 2-7
 - Land Use Designations 2-8
 - Adopted Specific Plans..... 2-15
 - Community Subareas 2-17
 - Distribution of Land Uses 2-23
 - Development Capacity 2-24
 - Urban Design Plan 2-26
 - Beach City Culture and Identity 2-26
 - Fostering the Identity of Individual Neighborhoods and Districts 2-26
 - Accommodating Larger-Scale Development While Enhancing Character of Commercial Corridors..... 2-26
 - Maintaining Historic Character and Architectural Diversity in Downtown..... 2-27
 - Economic Development Plan..... 2-27
 - Economic Trends..... 2-27
 - Economic Development Strategies..... 2-29
 - Land Use and Urban Design Issues, Goals, and Policies..... 2-32

- Coordinating Development Patterns and Protecting Community Character 2-32
- Addressing Interactions Between Neighborhoods and Attractions 2-33
- Providing a Range of Well-Maintained Housing Types 2-34
- Protecting and Adaptively Reusing Industrial Areas 2-34
- Maintaining Flexible Long-Term School Capacity 2-35
- Fostering the Identity of Individual Neighborhoods and Community Subareas 2-36
- Maintaining Historic Character and Architectural Diversity in Downtown..... 2-36
- Economic Development Issues, Goals, and Policies 2-37
 - Capitalizing on Location with Technology Infrastructure 2-37
 - Retaining, Expanding, and Capturing Businesses..... 2-38
 - Capturing Sales Tax Revenues..... 2-38
 - Encouraging Renovation and Revitalization of
 - Commercial and Industrial Areas 2-39
 - Adapting to a Changing Economy 2-39
 - Enhancing Tourism and Hospitality 2-40

III. Circulation 3-1

- Introduction and Purpose 3-1
 - Scope and Content 3-2
 - Relationship to Other General Plan Elements 3-3
- Circulation Plan 3-3
 - Measuring Traffic Flow 3-3
 - Land Use Plan and Forecasts 3-5
 - Regional Mobility 3-6
 - Complete Streets 3-6
 - The Local Road System 3-7
 - Neighborhood Traffic Management..... 3-17
 - Public Transportation..... 3-18
 - Transportation Demand Management and Air Quality 3-20
 - Parking..... 3-21
 - Pedestrian, Bicycle, and Equestrian Paths and Waterways..... 3-21
 - Scenic Corridors 3-25
 - Transportation and Urban Runoff 3-27
- Issues, Goals, and Policies..... 3-29
 - Maintaining Adequate Level of Service..... 3-29
 - Providing Adequate Downtown and Beach Parking 3-30
 - Enhancing Regional Transit 3-31
 - Increasing Local Transit Options..... 3-32
 - Ensuring Mobility Options for All Users..... 3-33
 - Enhancing Bicycle, Pedestrian, Equestrian, and Waterway Options 3-33
 - Protecting Scenic Corridors..... 3-34
 - Providing for Alternative Fuel Vehicles and Infrastructure..... 3-35
 - Ensuring Access for Emergency Vehicles 3-36

IV. Environmental Resources and Conservation 4-1

- Introduction and Purpose 4-1
 - Scope and Content 4-1

Relationship to Other Elements..... 4-2

Open Space Plan..... 4-3

 Open Space Diagram..... 4-3

 Parks and Recreation..... 4-7

 Coastal Recreation and Beach Management..... 4-10

Conservation Plan..... 4-11

 Air Resources..... 4-12

 Greenhouse Gas Emissions..... 4-14

 Biological Resources..... 4-17

 Energy Resources..... 4-22

 Mineral Extraction Potential..... 4-23

 Water Resources..... 4-25

 Water Quality..... 4-27

Issues, Goals, and Policies..... 4-29

 Meeting Parks and Facilities Needs..... 4-29

 Providing Recreation Programs and Services to Meet Community Needs..... 4-30

 Managing the Beach, Parks, and Recreation to Accommodate
Diverse Recreational Needs..... 4-31

 Reducing Air Pollution..... 4-32

 Meeting Greenhouse Gas Reduction Goals..... 4-32

 Identifying and Protecting Habitat Areas and Connections..... 4-33

 Protecting Habitat Resources in Wetlands..... 4-34

 Protecting Coastal Habitat Resources..... 4-35

 Protecting Trees..... 4-36

 Protecting Habitats in Parks..... 4-36

 Conserving Energy in Homes and Businesses..... 4-37

 Expanding Renewable Energy Sources..... 4-37

 Preserving Mineral Extraction Potential..... 4-38

 Protecting and Conserving Water Resources..... 4-39

 Maintaining Water Quality..... 4-40

V. Natural and Environmental Hazards..... 5-1

 Introduction and Purpose..... 5-1

 Scope and Content..... 5-2

 Relationship to Other Elements..... 5-2

 Relationship to Local Hazard Mitigation Plan..... 5-3

 Hazards Plan..... 5-3

 Geologic and Seismic Hazards..... 5-3

 Coastal Hazards..... 5-9

 Flooding..... 5-13

 Dam Failure..... 5-13

 Urban Fires..... 5-16

 Hazardous Materials and Waste..... 5-16

 Aircraft/Airport Hazards..... 5-18

 Disaster and Emergency Preparedness..... 5-18

 Issues, Goals, and Policies..... 5-19

 Preparing for and Mitigating Geologic and Seismic Hazards..... 5-19

Preparing for a Changing Coastline 5-20
 Minimizing Flooding and Tsunami Hazards 5-21
 Reducing Potential Urban Fire Risks 5-21
 Remediating Brownfield Sites 5-22
 Managing Hazardous Materials and Wastes 5-22
 Reducing Potential Aircraft Hazards 5-23
 Preparing Residents and Businesses for Future Disasters..... 5-23
 Reducing Potential Threats to Homeland Security 5-24

VI. Noise.....6-1

Introduction and Purpose 6-1
 Scope and Content 6-2
 Relationship to Other Elements..... 6-3
 Noise Plan..... 6-3
 Measuring Noise..... 6-3
 Noise Sources and Concentration Areas..... 6-5
 Noise Standards and Land Use Compatibility 6-8
 Noise Contours and Impact Areas 6-11
 Noise Reduction Strategies..... 6-15
 Issues, Goals, and Policies..... 6-18
 Protecting Noise-Sensitive Land Uses..... 6-18
 Ensuring Land Use/Noise Compatibility 6-18
 Reducing Noise from Mobile Sources..... 6-19
 Mitigating Noise from Construction, Maintenance, and Other Sources 6-20

VII. Public Services and Infrastructure.....7-1

Introduction and Purpose 7-1
 Scope and Content 7-2
 Public Facilities and Services Plan..... 7-2
 Police 7-2
 Fire, Marine Safety, and Emergency Medical Services..... 7-4
 Libraries 7-4
 Community Services..... 7-5
 Schools 7-5
 Infrastructure Plan..... 7-5
 Water Production and Distribution System 7-6
 Wastewater Collection and Treatment 7-6
 Stormwater and Urban Runoff..... 7-7
 Solid Waste Collection and Disposal 7-7
 Dry Utilities..... 7-8
 Infrastructure Finance..... 7-8
 Issues, Goals, and Policies..... 7-9
 Providing Adequate Police Staffing and Facilities 7-9
 Providing Adequate Fire, Marine Safety, and Emergency Medical Services..... 7-10
 Transforming Libraries into Community Cultural Centers..... 7-11
 Providing Social and Community Services 7-12
 Meeting Existing and Future Education Needs 7-12

Maintaining Optimal Physical Condition of Water and Sewer Infrastructure 7-13

Supporting Storm Drain System Upgrades and Maintenance..... 7-14

Improving, Replacing, and Funding Infrastructure..... 7-14

Providing Solid Waste Collection and Disposal 7-15

Meeting Dry Utility Needs..... 7-16

Financing Public Services and Infrastructure..... 7-17

VIII. Implementation..... 8-1

Introduction..... 8-1

Implementation Programs..... 8-2

Land Use Element..... 8-3

 City Plans, Ordinances, and Programs..... 8-3

 Capital Improvements..... 8-11

 Development Review Requirements..... 8-12

 Interjurisdictional Coordination 8-14

Circulation Element 8-15

 City Plans, Ordinances, and Programs..... 8-15

 Capital Improvements..... 8-18

 Development Review Requirements..... 8-20

 Interjurisdictional Coordination 8-23

 Ongoing Education and Outreach..... 8-27

Environmental Resources and Conservation Element..... 8-28

 City Plans, Ordinances, and Programs..... 8-28

 Capital Improvements..... 8-34

 Development Review Requirements..... 8-37

 Interjurisdictional Coordination 8-40

 Public Information and Outreach..... 8-43

Natural and Environmental Hazards Element 8-44

 City Plans, Ordinances, and Programs..... 8-44

 Capital Improvements..... 8-47

 Development Review Requirements..... 8-50

 Interjurisdictional Coordination 8-52

 Public Information and Outreach..... 8-54

Noise Element..... 8-56

 City Plans, Ordinances, and Programs..... 8-56

 Capital Improvements..... 8-57

 Development Review Requirements..... 8-57

 Interjurisdictional Coordination 8-59

Public Services and Infrastructure Element..... 8-60

 City Plans, Ordinances, and Programs..... 8-60

 Capital Improvements..... 8-65

 Development Review Requirements..... 8-66

 Interjurisdictional Coordination 8-67

 Public Information and Outreach..... 8-68

List of Figures

Figure I-1 Huntington Beach Planning Area..... 1-6

Figure LU-1 Character of Change 2-6

Figure LU-2 Land Use Plan 2-9

Figure LU-3 Adopted Specific Plans..... 2-16

Figure LU-4 Land Use Subareas 2-18

Figure CIR-1 Typical Roadway Cross Sections..... 3-9

Figure CIR-2 Arterial Highway Plan..... 3-14

Figure CIR-3 Proposed MPAH Amendments..... 3-15

Figure CIR-4 Bus Route Map 3-19

Figure CIR-5 Bikeway Plan..... 3-23

Figure CIR-6 Bikeway Cross Sections 3-24

Figure CIR-7 Scenic Highway Plan 3-28

Figure ERC-1 Open Space Diagram..... 4-4

Figure ERC-2 Park Locations and Service Areas..... 4-9

Figure ERC-3 Natural and Urbanized Communities 4-18

Figure ERC-4 Established Habitat Areas 4-21

Figure ERC-5 Mineral Resource Zones 4-26

Figure HAZ-1 Regional Fault Map 5-5

Figure HAZ-2 Local Faults 5-6

Figure HAZ-3 Seismic Hazard Zones (Liquefaction and Landslide)..... 5-7

Figure HAZ-4 Subsidence 5-8

Figure HAZ-5 Tsunami Evacuation Map 5-10

Figure HAZ-6 Potential Sea Level Rise Hazard Areas (2050)..... 5-12

Figure HAZ-7 Flood Hazard Areas 5-14

Figure HAZ-8 Dam Flooding Areas 5-15

Figure HAZ-9 Methane Hazard Overlay Districts..... 5-17

Figure N-1 Modeled Noise Contours for Baseline Year 2014..... 6-13

Figure N-2 Anticipated Changes in 2040 Noise Levels 6-14

Figure PSI-1 Public Facility Locations 7-3
